### Shot 01: Home Depot Corporate - Dremel Web Video

Dremel Carving attachments example video. I designed and animated the motion graphics using Syntheyes to track the data and animation done in After Effects. Provided creative input and set design for the on-site filming.

**Tools: Syntheyes, Adobe After Effects, Adobe Illustrator**  
**Supervisors: Michael Mcpherson | Romane Jean**

### Shot 02: Home Depot Corporate - Credit Cards

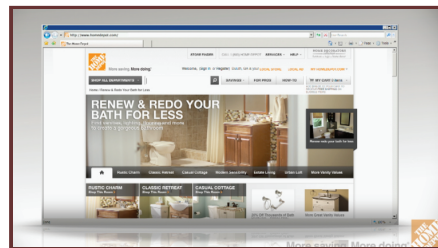

Provided motion graphics animation for the new Home Depot credit cards for the web episodes based on dialogue and voice overs. Created, designed and animated the icons and graphics.

**Tools: Adobe After Effects, Adobe Illustrator**  
**Supervisors: Michael Mcpherson | Romane Jean**

### Shot 03: Cubist Media Group - Panadol Growth

For a client at Cubist Media Group, I was responsible for providing the animations for a small commercial short for the product Panadol in PAL format. This one needed a different style and look than the previous version. The graphics were created and animated using Illustrator and After Effects.

**Tools: Adobe After Effects, Adobe Illustrator**  
**Supervisors: Monica Brown**

### Shot 04: Home Depot Corporate - Redo for Less

Provided motion graphics animation for the new Home Depot redo for less section of the website based on dialogue and voice overs. Created, designed and animated the icons and graphics.

**Tools: Adobe After Effects, Adobe Illustrator**  
**Supervisors: Michael Mcpherson | Romane Jean**

### Shot 05: Home Depot Corporate - Lighting Conversation

Designed and animated the motion graphics using Syntheyes to track the data and animation done in After Effects. Provided creative input and set design for the on-site filming. Helped coordinate talent and scheduling for production shots.

**Tools: Syntheyes, Adobe After Effects, Adobe Illustrator**  
**Supervisors: Michael Mcpherson | Romane Jean**

### Shot 06: Home Depot Corporate - Bumper Transition

Provided motion graphics animation for alternate bumper transitions for the Home Depot videos using Cinema 4d and After Effects.

**Tools: Adobe After Effects, Adobe Illustrator, Cinema 4D**  
**Supervisors: Michael Mcpherson | Romane Jean**
